

# MY ROAD MAP

## ABOUT

---

My GPS is your Goal Plan for Success. It provides you with helpful tools to identify and achieve your academic and career goals in a timely fashion. Through My GPS you will have a variety of campus and community resources all in one place. From career development to financial management to academic resources, My GPS will help you develop a personal itinerary to help you succeed in College. Visit frequently as important personal and campus announcements will be sent to you through My GPS.

## HOW TO USE IT

---

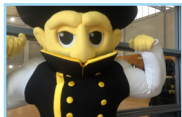

### My Degree Path

- My Degree Path is a degree audit tool that provides you with information on classes that you have taken as well as classes that you need to complete your degree program.

### My Courses

- My Courses is where you will find your schedule of classes for the current term, can communicate with faculty, and post homework assignments.

### My Support Network

- My Support Network provides you with a list of student support services available at the College. These services are free, and can assist you with any barriers you may face in achieving your goals.

### My Backpack

- My Backpack is your personal online storage system for saving personal and academic documents.

### My Financial Compass

- My Financial Compass is a free online tool that will aid you in making informed financial decisions related to financial aid and paying for college, school and personal life management, and credit and money management.

### My Passport to Careers and Jobs

- My Passport to Careers and Jobs is an online tool to help you select the best career and career path based on your own interests.
